MOBILE HTML

Do not program conditionals per platform or version. Always use feature detection.

This list is in progress. New tests, new features, more specificity of each feature and more mobile browsers soon!

If you want to help on the test, contact me.

Early Release

O'REILLY®

Estelle Weyl & Maximiliano Firtman coming soon...
also by @estellevw

many of you have two questions for me

the first answer is no

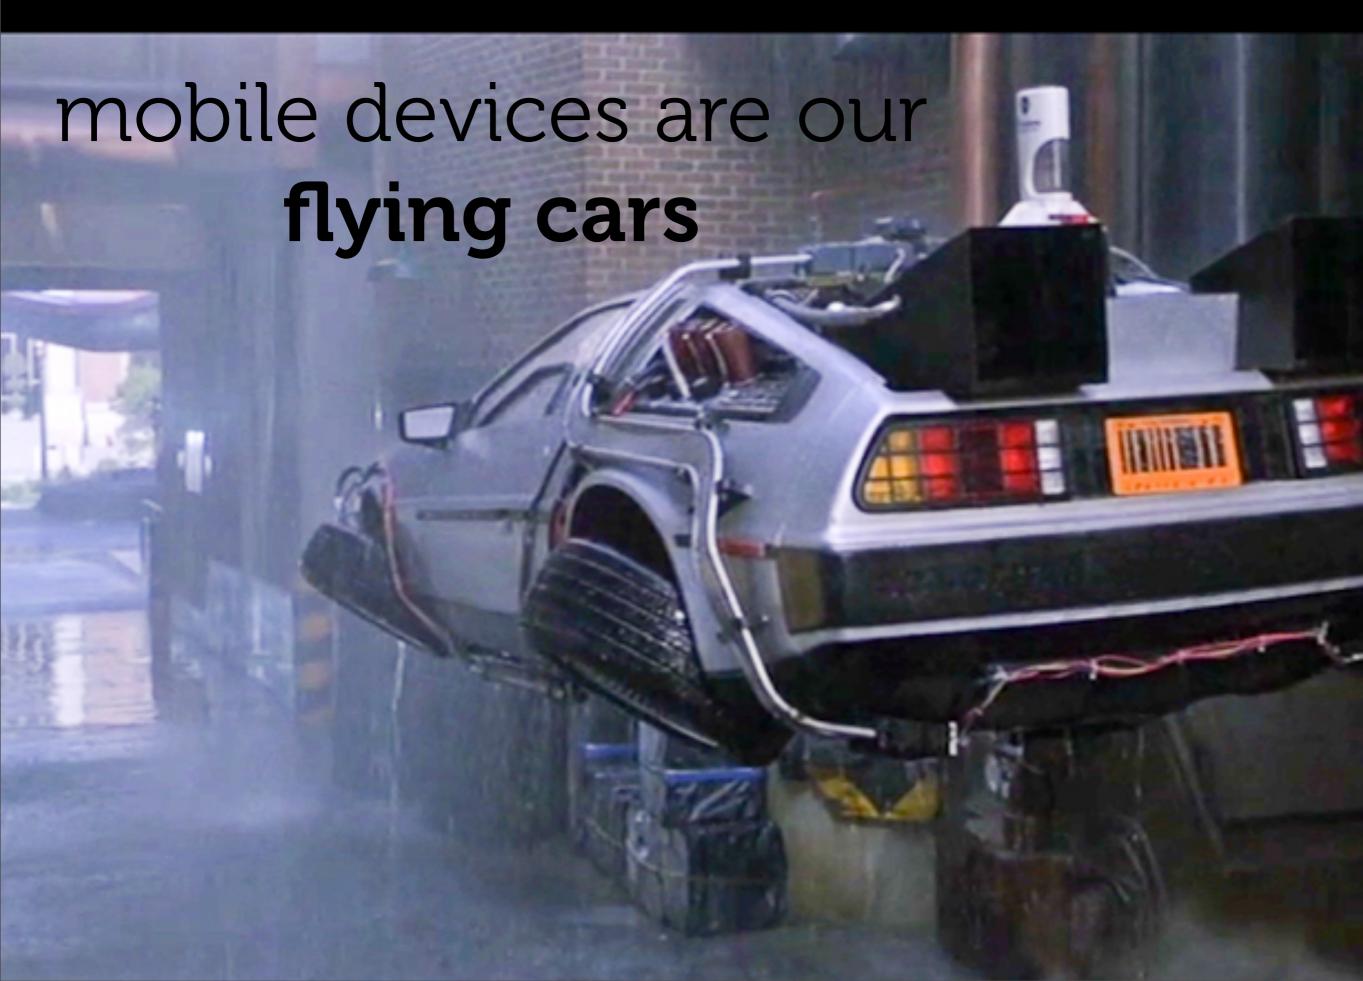

the second answer is **yes**

but with a problem

2015 is coming...

mobile is more about users

absolutely personal

- absolutely personal
- +5 billions

- absolutely personal
- +5 billions
- make us focus

- absolutely personal
- +5 billions
- make us focus
- read our context...

- absolutely personal
- +5 billions
- make us focus
- read our context...
- ... always...

- absolutely personal
- +5 billions
- make us focus
- read our context...
- ... always...
- ... and everywhere.

then... what is the problem?

lots of platforms

native VS web

Are you sure?

native code VS javascript

browser VS installed apps & stores

lack of definitions

when we say mobile web

when we say mobile web

from a developer's

perspective it's using HTML,

CSS and JavaScript to

develop mobile apps

when we say mobile web

from a developer's

perspective it's using HTML,

CSS and JavaScript to

develop mobile apps

(browser or installed)

what are the problems with mobile web?

we are second class producers

TODAY'S PAPER

ESSDRAS M SUAREZ/ GLOBE STAFF

Tiny grants keep 'awesome' ideas coming

The Awesome Foundation, started by a group of tech-savvy twentysomethings, offers small grants for ideas that are, well, awesome.

Potatoes, pride at risk in Maine

The Aroostook County potato harvest in Maine,

Early educator union sought

Massachusetts teacher unions are attempting to enroll more than 10,000 early childhood education workers in the private and nonprofit sectors.

Mass. redistricting plans pit east vs. west

The congressional seats of William Keating and Stephen Lynch could be combined in one plan. Another reportedly merges the seats of Richard E. Neal and John W. Olver.

Optimism, candor boost Cain in polls

Herman Cain, a pizza magnate and conservative talk-radio host, has

"Being funded by interested and interesting peers is a whole benefit in itself."

Sara Hendren, who was awarded an Awesome Foundation grant
