

Integral Systems Response

# Using Group Research to Answer Complex Questions

**Collective Research for Complex Problems**

# Group Learning

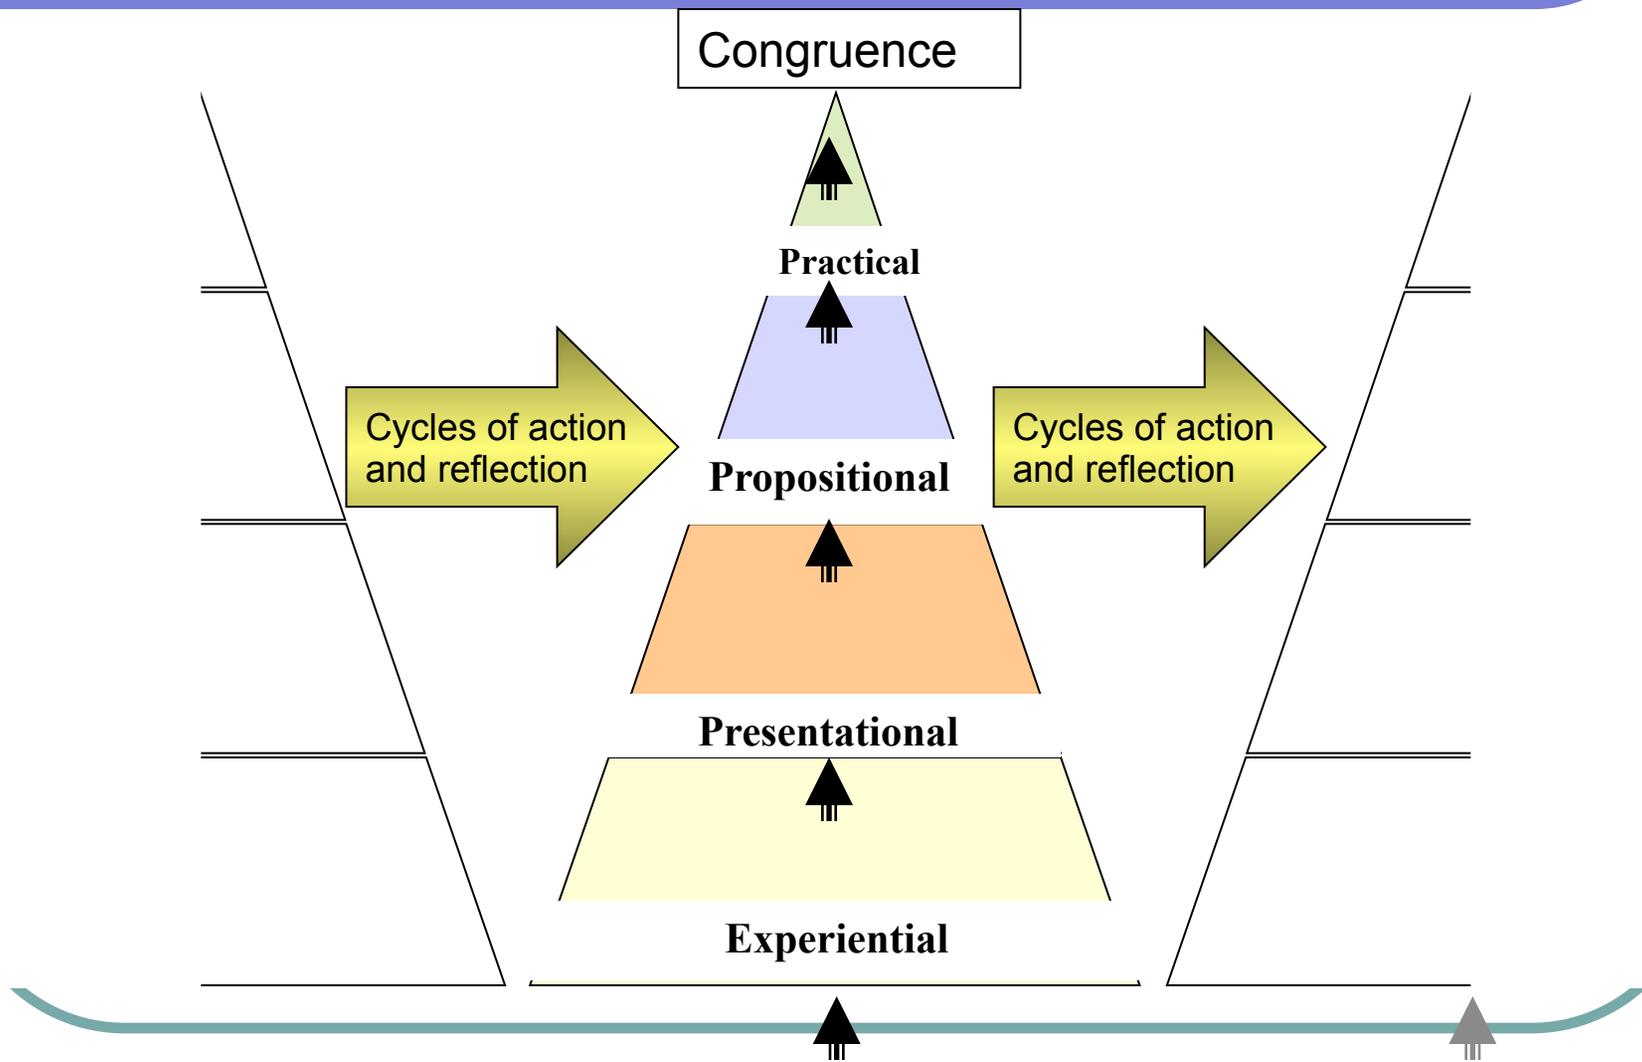

# Cooperative Inquiry Process

1. Select a topic and formulate a question
2. Decide upon an action to help you answer the question
3. Do the action
4. Reflect upon the experience
5. Determine what you still need to know
6. Decide upon another action to answer the question

# 4 Ways To Learn - Holistic Knowing

- **Experience**  
Direct encounter
- **Presentation**  
Interpretation, Diagram, Drawing, Poem, Music, Dance
- **Proposition**  
Ideas and Thoughts, Mathematics, Writing, Logic  
Analysis
- **Practical**  
Action, Agreeing to do something

# Cooperative Inquiry

# Reflection

What did you notice?
